

Artist Statement

Gary Potter is an eccentric, freestyle abstract artist based in Winnipeg. He paints as ideas and images present themselves. He begins with a blank canvas and the colours guide him.

Gary is a lifelong Winnipeg artist who searches for creative ways to express his ideas on canvas, glass, and other media. There is no substance that is safe from his creative mind. He uses a wide variety of mediums to get the desired effect. What is true of every piece is that creativity, ingenuity, imagination and emotion are present in all his work.
